

*Preparing students from around
the world for a better and prosperous future*

President's Message

I welcome you to Creekford University. Here we strive to embark the very best in education using state of art technology and through learned faculty members who bring with them years of industry experience to add in the education process of our students.

Creekford University is among the superior education institutions of the globe. At Creekford, we take pride in educating our students and in helping them build an international perspective. Our students connect with highly professional and trained foreign and native faculty members to develop internationally oriented attitude. Such openness to diversity provides richness to the learning of students at Creekford University. We believe that knowledge from all corners of the globe will help our student grow and flourish in their particular fields with an advanced pace than their counter parts.

At Creekford we not only provide education to inculcate progress in our students' career but also with the aim of increasing each person's awareness of human dignity, not only dignity of oneself but also the dignity of the entire society. The promotion of human dignity, by necessity, produces a sense of social responsibility and a commitment to the needs of others. This is, after all, the basis of Christ's law and Creekford's motto as well.

I and my team look forward to welcome you at Creekford, a university where you will not only polish your professional skills but also become a better human being as you graduate.

Try on another way of life at Creekford University

About Creekford University

Creekford University is an online educational institution that offers accredited and globally recognized degrees to those who cannot pursue their studies from traditional educational institutes due to their work or personal commitments. Creekford University provides you with an opportunity to improve your career prospects by academic advancement, without interrupting your personal and professional life.

Reviving the educational experience

Our students are the most important for us. This is the reason we have created utmost ease and convenience in the education process. By considering the fact that most of our students are busy working adults, we have created course curriculums that are highly acclaimed in the professional world, and offered them online. So, there is no need to travel and attend classes physically. Just log on to your online classroom and attend your lecture, from the comfort of your home. The technology used in our online classrooms is simple and user friendly which further allows you to complete your education at Creekford University with convenience and at your own pace.

Our Mission

!! To make quality education accessible to everyone by recognizing each individual's differences and turning them into their strengths, by providing self discipline, motivation and excellence in learning. !!

Inculcating Creative Thinking Skills

Experience a new educational experience at Creekford University. Nurture your creative thinking skills through the specifically designed academic programs. Unlike others, we do not offer degrees in limited fields of study; you can choose your field from more than 71 majors offered at Creekford under 16 different schools of study. A complete spectrum of education which is provided at Creekford University lets you bring out that successful, confident person in you to pursue your goals with increased strength of mind and greater enthusiasm.

Conventional Universities

Conventional universities from all across the world prefer to partner with Creekford because of its comprehensive programs, excellent faculty and easy to use online classrooms. Thanks to the affiliation, the partnered universities can now offer more programs to their students, thus giving them a chance to study in the program of their choice.

Training and Vocational Institutes

Training and Vocational Institutes provide their students an option to study some of the courses from Creekford online classrooms. Through the partnership, the affiliated institutes are able to offer more certificates and degree programs to their students that are available at their campus. This provides their student's valuable learning that they can inculcate in their professional lives.

Role of our Affiliated Universities and Institutes

The basic role of the affiliated universities and institutes is to make education accessible to all those who are looking for quality and flexible education. Anyone-a working adult, homeschooled student, or even a housewife-with busy personal or professional commitments but willing to acquire quality education can easily earn a degree from Creekford. Once an individual completes their program, they will get a degree or certificate with the recognition mark of both Creekford and the affiliated university/institute.

University Affiliations

Creekford has partnered with the world's top universities and vocational institutes with the aim of providing quality education to students globally. The affiliation has allowed the universities and institutes to offer the courses online which they cannot offer in their campus-based environment. Furthermore, the partnership also provides working students a chance to earn their degree through Creekford virtual classrooms. Through this facility the students can create a perfect balance between their work and educational life. There are two types of educational institutes that have partnered with Creekford in order to make education more accessible to their students.

Job Placement Opportunities

The partnered organizations offer some of the best career opportunities to our students. These organizations keenly seek out our graduates because of their strong communication, analytical and leadership skills

Accreditation

to IAAOS (International Accreditation Association for Online Schools), is a self-governing and a globally recognized accreditation body. It grants accreditation to traditional and non-traditional educational institutes after evaluating them on stringent set of standards. Creekford University is accredited by the IAAOS (International Accreditation Association for Online Schools). Accreditation by the prestigious accreditation body assures prospective students that Creekford University successfully meets the IAAOS's requirements and criteria for conferring degrees, diplomas & certificates. IAAOS facilitates and reassures that students are making right choice in selecting an educational institute by accrediting the educational process and standards followed by a certain traditional or non-traditional institution.

Students & Alumni Services

- Student Consultancy
- Credit Transfer
- Lifetime Education Verification
- Apostille & Embassy Legalization Services
- Career Services

Student & Alumni Services

We at Creekford understand the needs and wants of our current students and alumni. Therefore, we have designed services that will not only help them complete their program easily, but also benefit them immensely after they have graduated.

Student Consultancy

Students can take advantage of consultation through our experts and friendly advisors 24/7. Our consultants are available to attend to students' queries and concerns.

Credit Transfer

Students can complete their degree in lesser time by taking advantage of Creekford Student Credit Transfer Program. This helps them continue their education program in a more flexible and affordable manner.

Lifetime Education Verification

Students may explore various student employment opportunities in well-known national and multinational organizations through our career services. Our partnered corporate alliances provide our students and alumni with high-paid and rewarding jobs.

Apostille & Embassy Legalization Services

By availing the Apostille and Embassy Legalization services students get their education credentials verified through the university which are then accepted in any country, globally. Apostille & Embassy Legalization Services open a world of employment opportunities to our students by legalizing their documents to be used in different countries.

Career Services

Career Services

Students may explore various student employment opportunities in well-known national and multinational organizations through our career services. Our partnered corporate alliances provide our students and alumni with high-paid and rewarding jobs. Our credit transfer program helps students obtain credit transfers in a majority of the courses. To transfer credits, students have to submit the transcripts of already studied courses while fulfilling admission formalities. After proper evaluation of their transcripts, their credit hours are successfully transferred, which means they neither have to apply for those courses nor study them again. This way, students can complete their program in record time and also get a substantial reduction in their tuition fee.

Military transcripts

Military personnel may use their military training and experience to earn a Creekford degree. For military personnel we have introduced special tuition rates, reducing their total program fee by 50%. If you have served in military, you may contact our student consultants at 1-844-417-5888 to learn more about submitting military transcripts.

Get Your Credits Accepted Right Away!

You can get up to 70% of your courses exempted. If you wish to transfer your credits to Creekford from another university, please contact our admission representative to receive a transfer evaluation and learn about credit transfer. We will review your transcript and, if possible, increase your transferred credit hours.
